CLERK OF THE SUPREME COURT
STATE OF MONTANA

Dear Justices Honorable Smith,

I am writing today to express my opposition to the proposed rule change 8.4(g).

This will not help our judicial system. It will only hinder us. The court room is a place for justice, where feelings may be hurt but the truth will always come to the surface. If you take away the lawyer's ability to speak freely on "sensitive topics" whatever their belief, then you take away the powerful punch our system has. Further more it is a violation of the free exercise of religion, of freedom of speech, and freedom of the press. Whether a person agrees with the lawyer's belief is totally irrelevant to the case they are presenting.

I ask you, please vote to reject this rule change.

I hope you'll reject this rule change.

Sincerely,

Ms. Elizabeth Stone

I am writing today to express my opposition to the proposed rule change 8.4(g).

How can a lawyer represent the position of those who hold that marriage is between a man and woman speak on their behalf should such be part of a defense in court? Will you let special imterests muzzle the right of others to exercise free speech in court? Isn't the court to represent all people in the persuit of justice? Would not this ruling pre-judge or prejudice the court against a significant part of the population in their own defense?

Dear Justices Honorable Smith,

I am writing today to express my opposition to the proposed rule change 8.4(g).

I truly believe that your duty as the Montana Supreme Court is to interpret our constitution & ensure that individual rights are not violated. It appears that this rule change 8.4(g) would do exactly that. A lawyer's individual beliefs cannot & should not be legislated by your court. The exercise of religion & the freedom of speech also extend to our lawyers.

I urge you to please reconsider this decision. Montana & the United States have governments based on certain freedoms. Please do not limit or hamper these ideals.

Dear Justices Honorable Smith,

I am writing today to express my opposition to the proposed rule change 8.4(g).

The Supreme Court of The State of Montana
AF-0--0688

RE: Professional Rules of Conduct, Rule 8.4(g) The very law you are all called to uphold is the very Law you are willing to break. You are going to zero in on Christian Lawyers for their right to have Freedom of belief which we founded this country on.

Our History of this Nation fought for civil rights even though our country was divided on the issue. You cannot fight prejudice with prejudice you must fight on the basis of Truth.

I ask you one question when God created this world he included you and me. Did He create 2 men or 2 women first to start multiplying this world? I only know of 1 women and 1 man! If you can prove it any other way, then and only then you may have a case to act upon. Your bias thoughts and action for passing this against someone who believes differently, just like Hitler did to 6 million Jews. They could not obliterate the Jews, then and cannot do it to the Christians today.

If I remember studying history so we don't repeat the same awful mistakes of the Past. Let me refresh your mind they tried this 2,000 years ago with Christians who believed the resurrection and told everyone to turn and repent from sin. They spoke the Truth to the King's of their day, to the Sadducees, Pharisees, high officials, and the people. Today it's our President, Representatives, Senators, Congress, Governors, Mayors, any elected official, and the people of our country. God is speaking threw Christians for this Nation to turn from sin and repent, because of the Love that God has for people and that does not exclude the Homosexual and Lesbians, it is the action of sin not the person. READ JOHN 3:16!

You will never quiet the true Christians from their stand on the Bible, nor can they quiet God!! They tried that with Jesus Christ. It will not work. The cause will grow ever greater. Aren't you aware of all the Christians that are being imprisoned, persecuted, and are killed today in other countries for doing the same thing that you are trying to pass by rulings and laws because of your prejudicial ideas. What kind of laws are you going to rule on in the future? This kind of laws are freighting to all people even those who believe in same sex marriages, because absolute power corrupts absolutely, and it can be against them also.

Dear Justices Honorable Smith,

I am writing today to express my opposition to the proposed rule change 8.4(g).

I am gravely concerned about the Supreme Court's consideration to adopt a change to the "Rules of Professional Conduct," known as "Rule 8.4(g)," saying, if a lawyer says anything that might be deemed "discriminatory" on the basis of "sexual orientation" or "gender identity," that lawyer could be disbarred -- lose his license to practice law.

This rule is a violation of the free exercise of religion. It is a violation of the freedom of speech and of the press.

I urge the court not to adopt the proposed change to Rule 8.4 of the Professional Rules of Conduct.

I hope you'll reject this rule change.

Helena, MT 59620-3003

Dear Justices Honorable Smith,

I am writing today to express my opposition to the proposed rule change 8.4(g).

Accepting Rule 8.4 is only taking away more rights of Americans.

Montana used to be a state of morals, values, and Godly people. If a man can not stand up for what he believes in, if he can not chose a side but must bow down to the demoralization of our society and ways of others, especially if those ways are opposing to how he believes and what the Bible says, then his life is absent of rights and we are no longer a free country.

This country was founded on the Mayflower Compact, a covenant with God, dedicating this nation to God, to be a Nation for freedom of Religion, to not be suppressed by a Court of man, but to stand free in front of God's Court. When we die, we will all stand before God and be held accountable for our actions and words. If we are not for God, we are against him, and bring in the ways and plans of the devil to take our Nation and destroy it.

Tying a man's hands doesn't free him, it destroys him and his country.

If this law passes, you will then be a part of stripping away rights and demoralizing our once great country. Montana was one of the last few states that stood for something. My father was raised in Montana, he brought his wife there to raise his children up with old fashioned values since there are no values in the cities any more.

Please keep Montana sacred and Godly, then it will be blessed and so will you.

I hope you'll reject this rule change.

To Whom It May Concern,

We write to respectfully oppose the proposed rule change re A Speech Code for Lawyers (8.4(g)).

It is clearly a violation of the free exercise of religion, speech & the press.

Lawyers ought NOT to be disbarred for holding beliefs different from others.

Our U.S. Constitution guarantees freedom of speech and thought.

A rule that threatens to discipline a lawyer for his or her speech on such issues should be rejected as a detriment to freedom of speech, free exercise of religion, and freedom of political belief in a diverse society.
